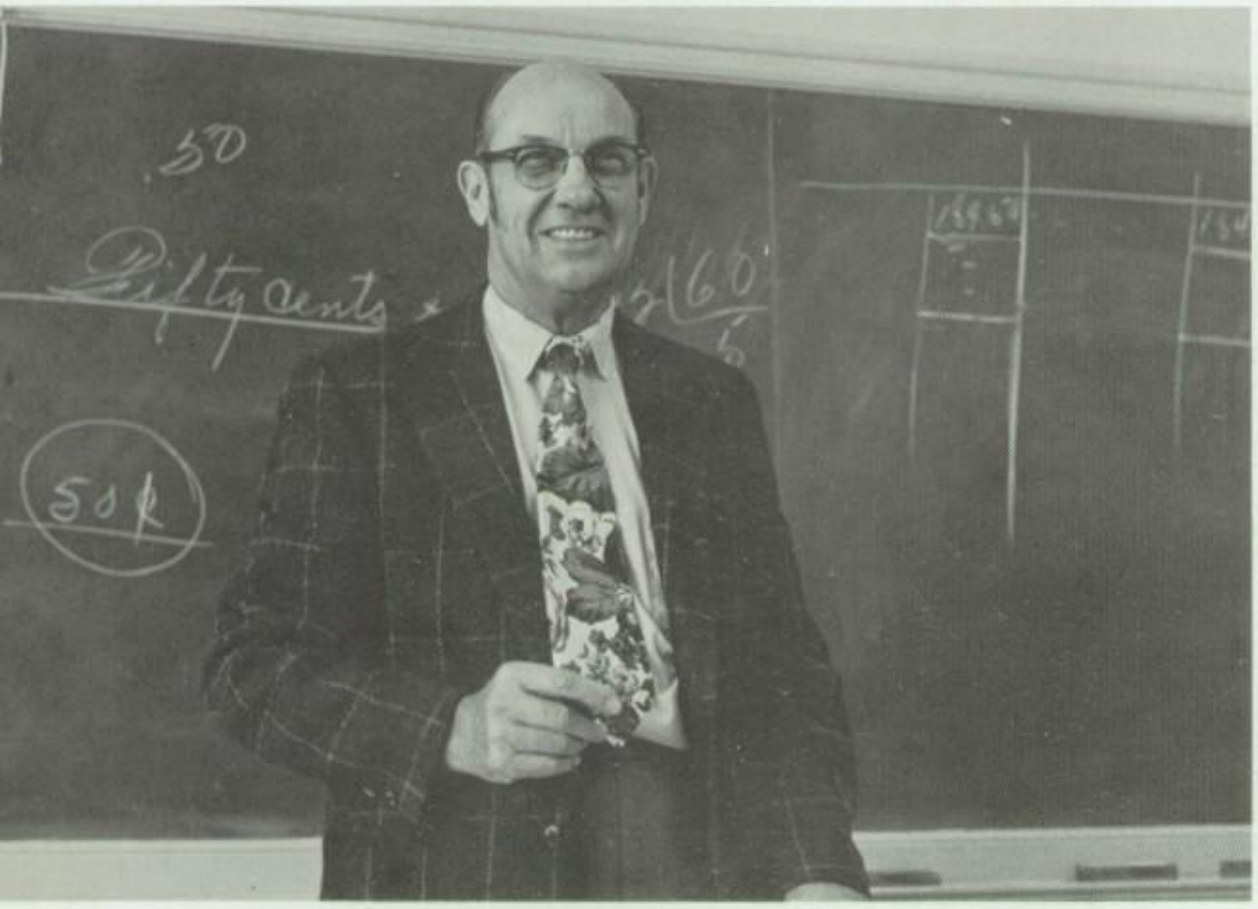
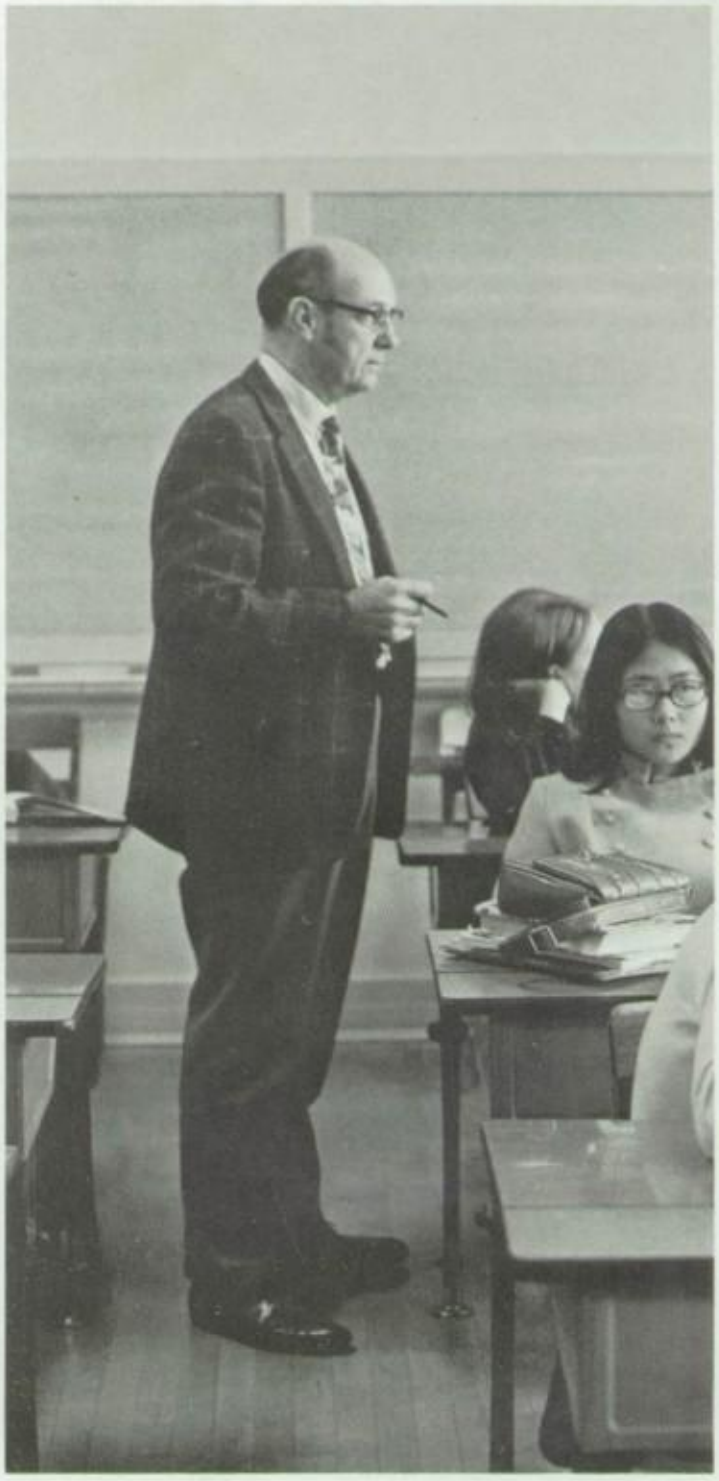
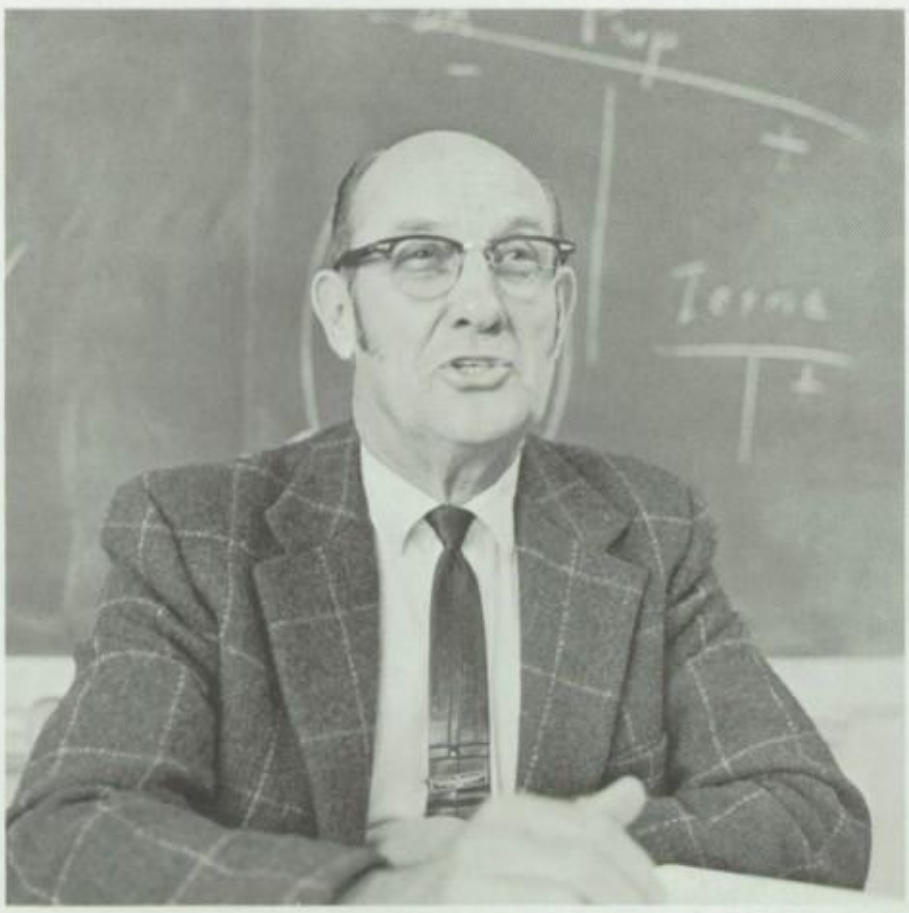
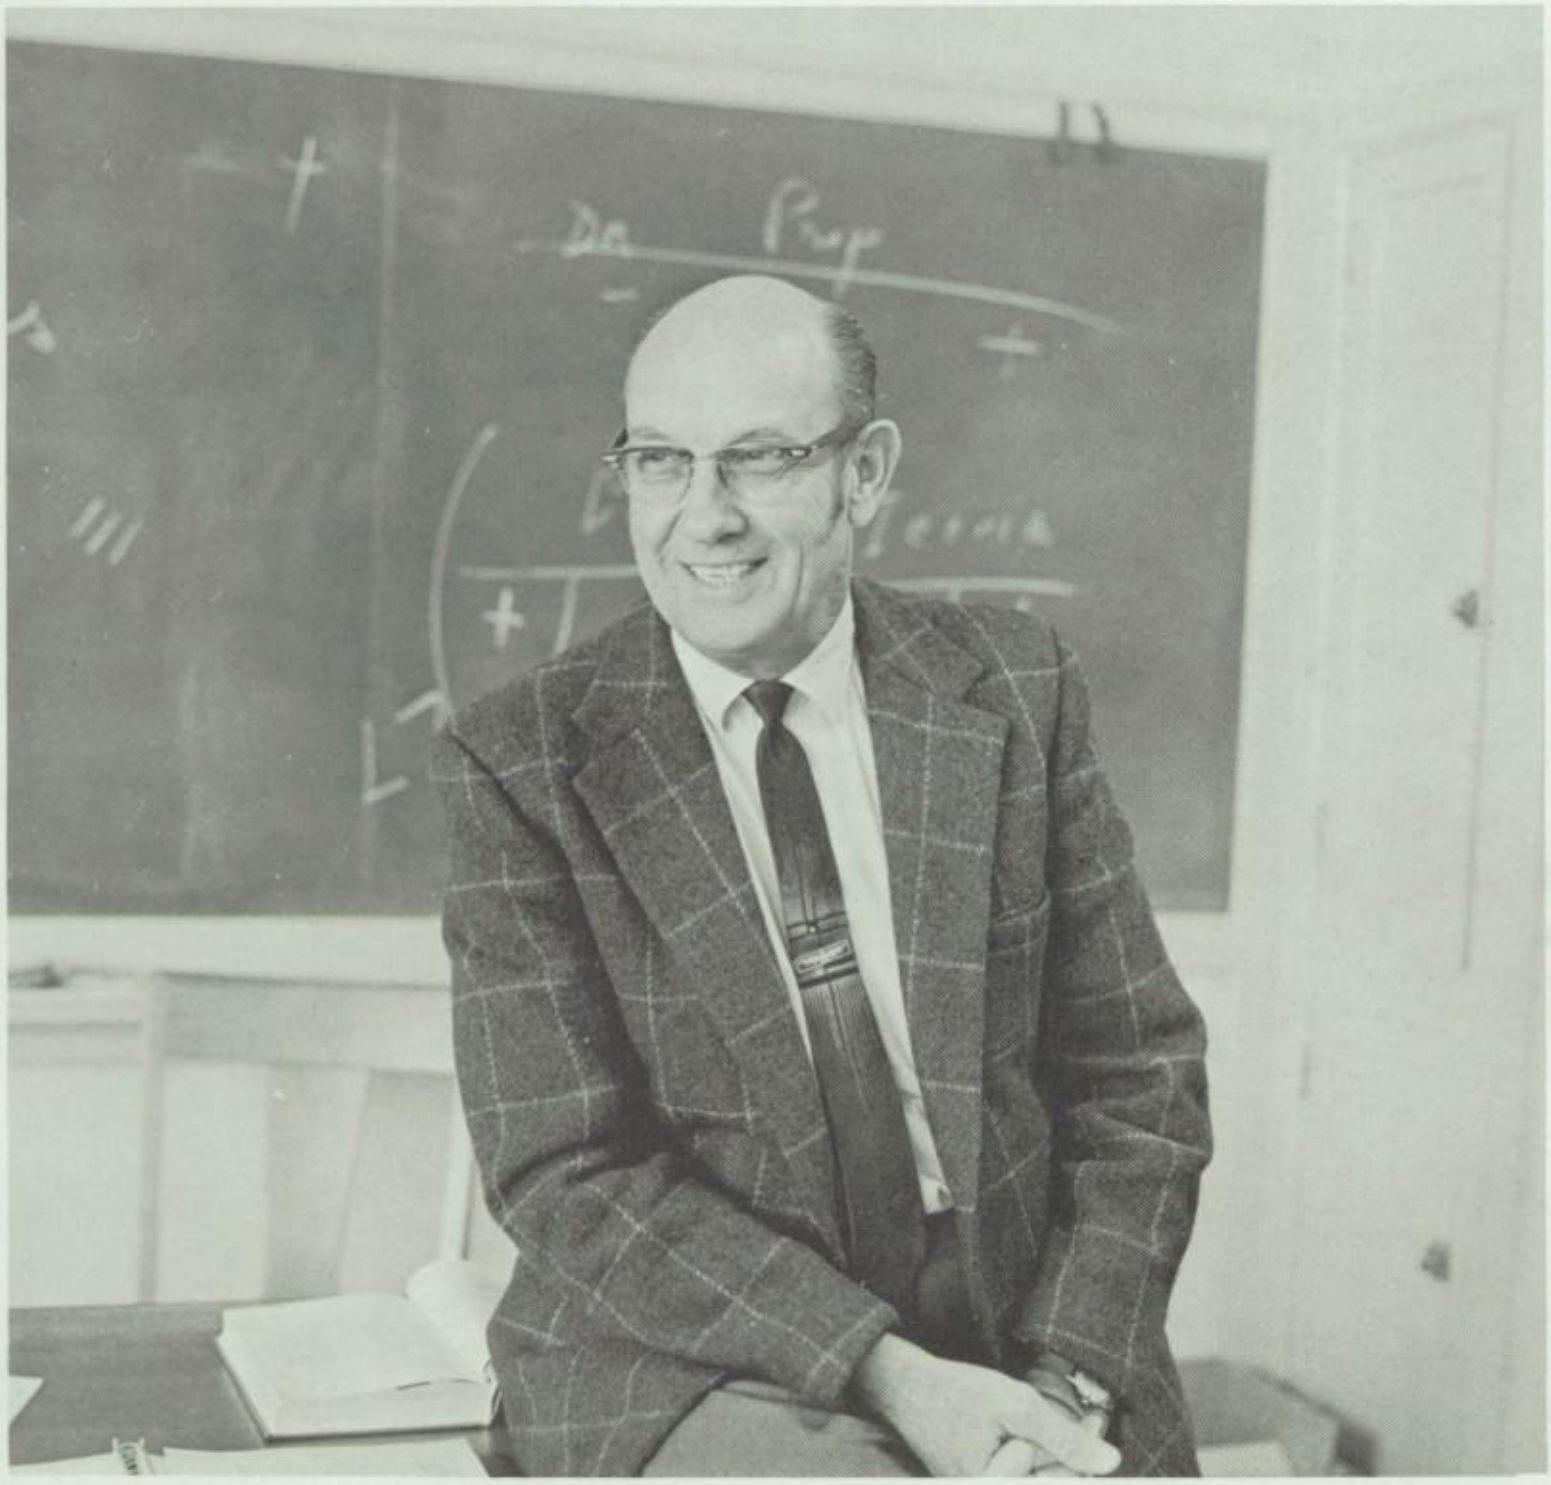
Dedication









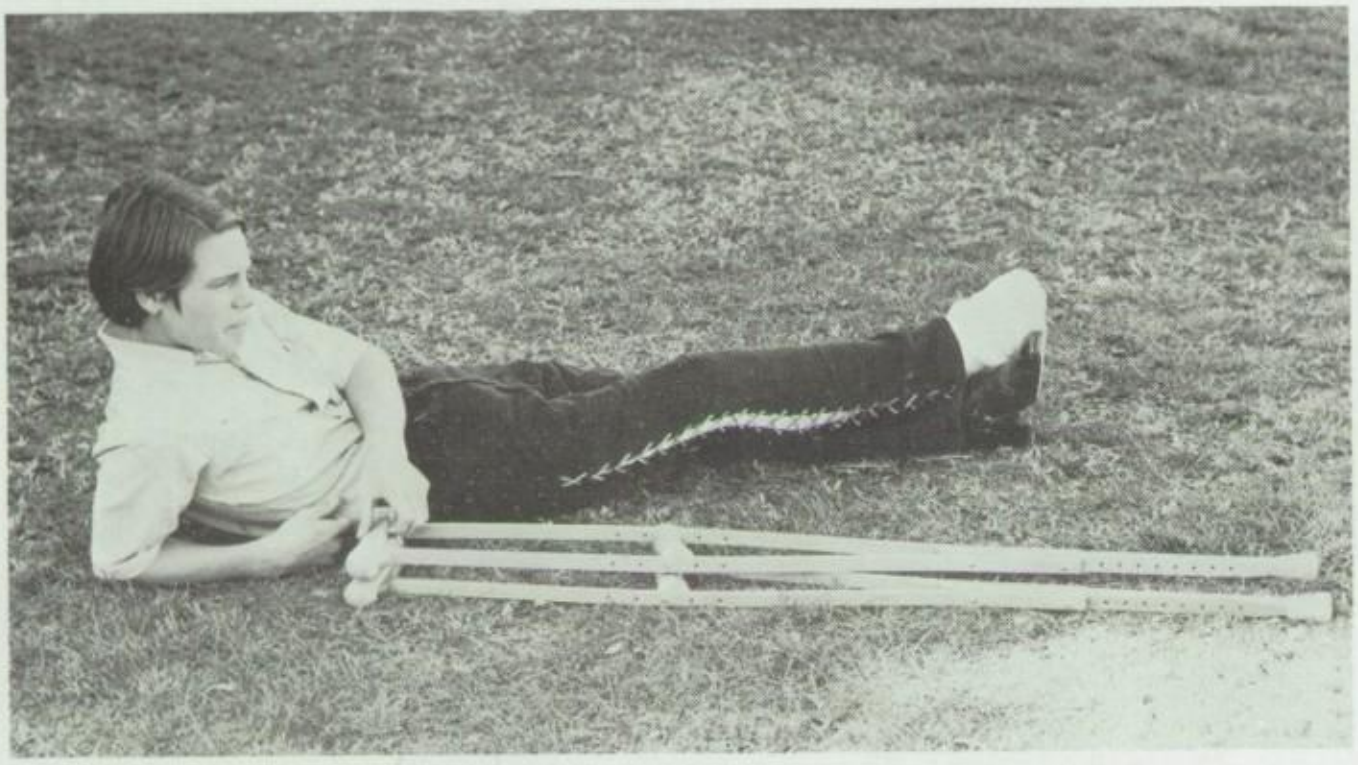
There are many important roles which lead to the efficiency of Campbell High School. With only a small part of the recognition he deserves, Mr. Charles Freeman has most ably served in many capacities at Campbell for thirteen years. His consistent hard work has strengthened the school's business operations and student body atmosphere.

His knowledge of efficiency in life is really put to the test in his daily teaching of accounting, business economics, record keeping, and business law. He always emerges smiling, whether in the classroom, school bank supervising students, discussing his interest in coin collecting, or just walking down the hallway. He has found many reasons to feel contentment during his thirty years as a teacher.

Students' pride in Campbell is not only fostered at football games and awards banquets. There are many reasons why Campbell's students proudly talk of their school . . .

Mr. Charles Freeman is one of those reasons.

We arrive in this world alone,
we depart alone; this time called life . . .
was meant to share.



You are a child of the universe,
no less than the trees and the
stars; you have a right to be here.

Desiderata

Students Contract To Learn

Contract Learning, a new direction in educational techniques is now being tried by a select group of students under the advice of Mr. Aldridge, on an experimental basis to give accellerated students a chance to do things that they normally wouldn't be able to do under the present system.

"This is an open ended program in which the students pick out a project which they are particularly interested in, and from there they do research and talk to people who are involved with their subject. For example, we have two student who daily go out to be teaching aids at elementary schools. Other students are making films and turning out science projects," commented Mr. Aldridge.

As of now the course offers no credits, but

ages of 12 and 18 run away from home. This isn't counting the unreported cases. The teenagers are of mixed races and most are middle or upper class.

"One little kid I had the other day was 13 and wanted to find out what the other life was like," added Mr. Myers.

Police are too busy and short handed to look for a missing teenager, so parents often put ads in underground papers. Or, in New York, there is Tracers Company of America, which for 46 years has done nothing but search for missins persons.

Why do some teenagers choose the streets for their home, instead of a family situation? In some cases the parents use Juvenile hall as a threat to keep their kids in line. So teenagers run away to keep from being turned in. Other teenagers will run to

them to be aware enough to understand their parents better and the situ running from-- themselves.

I don't know how to begin to thank all the people that have helped in making Campbell High School's Spirit the best it has even been. It is very hard to organize and please sixty girls in spirit, and then for those sixty girls to go out and try their best to please the fifteen-hundred students here at Campbell. We have all put forth our best effort this year, and I am convinced that the girls in Spirit and you, the student body, agree that this year Campbell was number one in Spirit. I thank my advisors, Varsity Cheerleaders, Pep Club, Mr. Metcalf, and you, the student body, for your support and confidence in us.

Thank you so much.

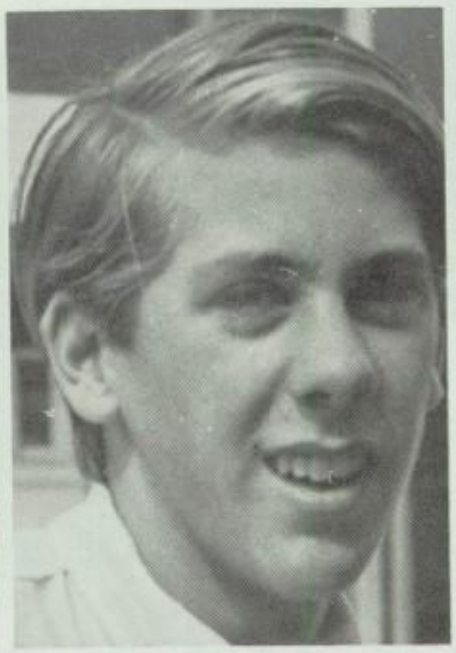
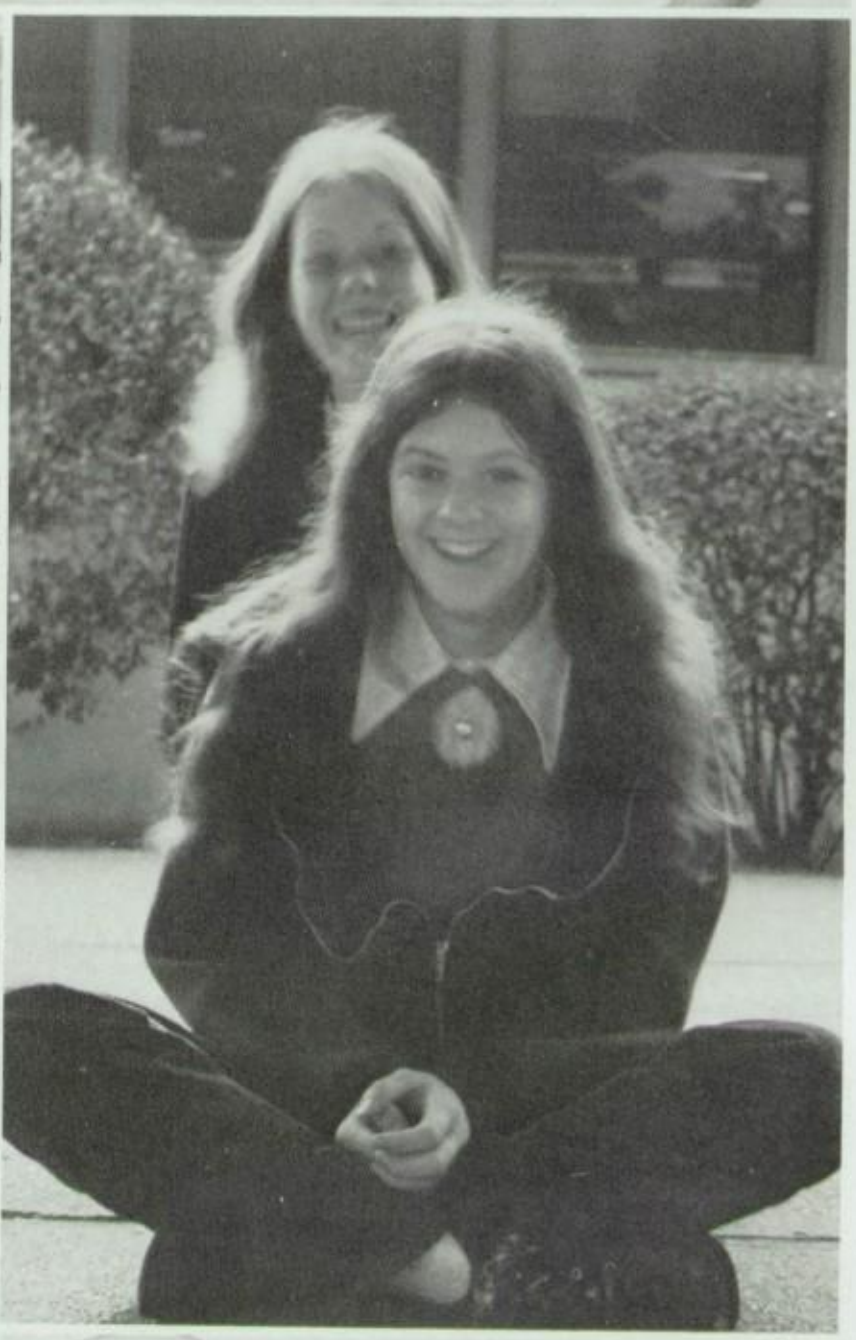
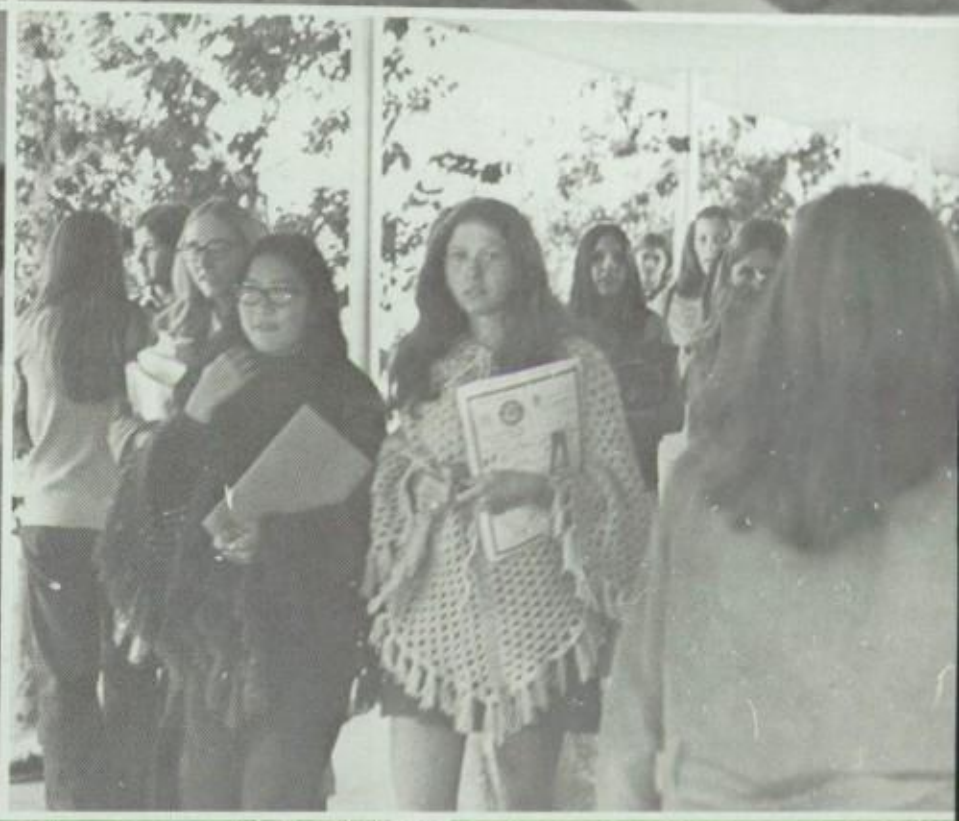
TEEN CLUB

Each summer Campbell takes part in the Teen Club Program. The program offers dances and other recreational facilities. Last summer the members went on a Boat Dance. The Boat cruised on the Bay while everyone danced. Teen Club is one way for everyone to get together during the summer.

FACES ON CAMPUS







It is much more important to be human than it is to be important.

FOREIGN EXCHANGE STUDENTS

I am really enjoying my stay in the United States, especially here in California with its beautiful sky, its warm air and its friendly people.

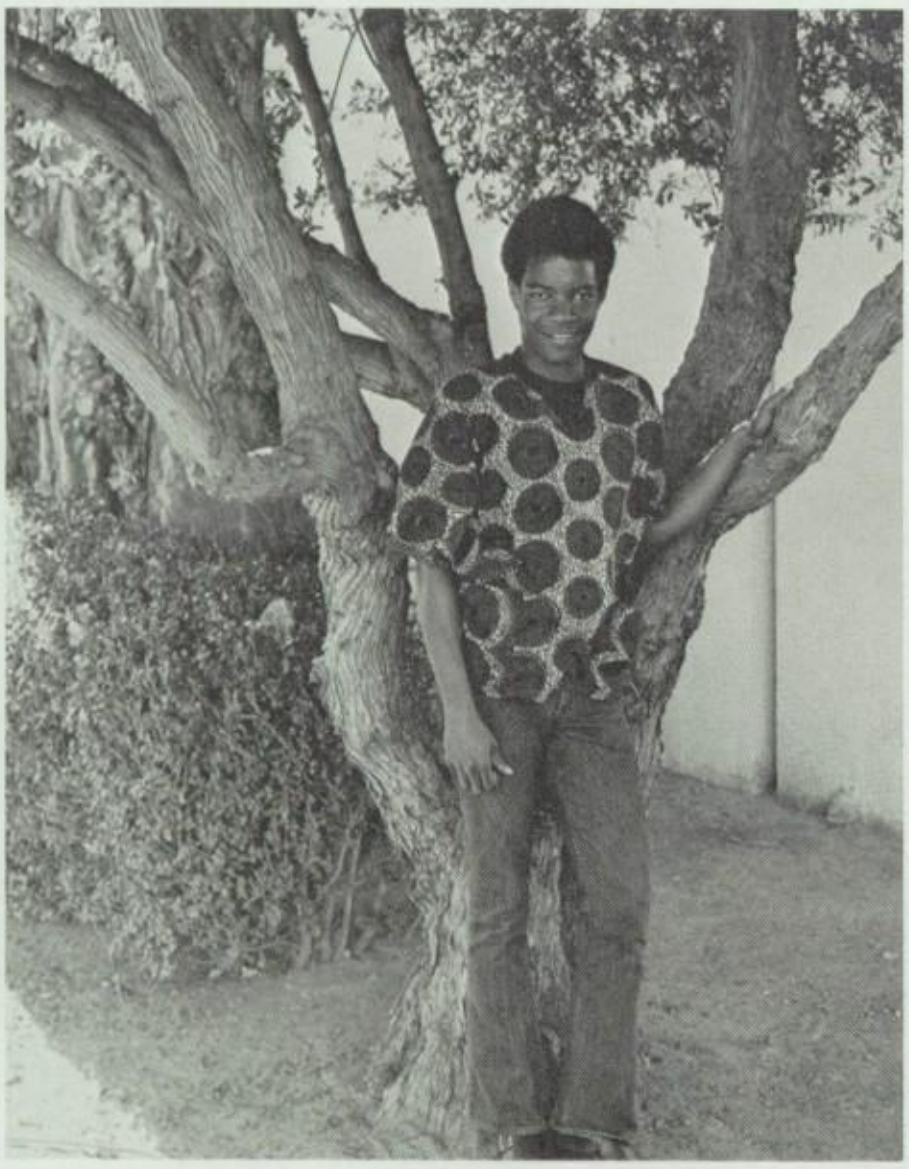
My life has changed quite a bit since I came here. Everything centers around the school and its activities. This gives me the opportunity to meet many new people and to work with them, like in the school play and the Foreign Exchange Club. I am grateful to these groups.

Campbell High is so different from my school in Belgium, where about fifteen subjects are required. Here, only a few subjects need to be taken and this has given me much more time to spend on activities.

I hope many people from Belgium have the chance I had to be a foreign exchange student and to enjoy living with a foreign family.

Thank you.

Sabine Enckels



I am really enjoying my stay in California, both in school and with my family. At the moment, I feel at home due to the hospitality shown to me by friends and family.

There is more freedom in U.S. schools than we have in my country, Ghana. In Ghana, almost all high schools are boarding institutions, and we all wear uniforms to classes. The student body at Campbell has much more effectiveness than the student body at my former school, and I hope they will keep that up.

I would like to thank the Foreign Exchange Club for their services to me and I wish them success. Also, I would like to thank the administration, especially Mrs. Parker, Mr. Peck, Mr. Armitstead, and the faculty of Campbell High.

Thanks, everybody,

Joe Ackah-Yensy

A strange conglomeration of over five-hundred and fifty friends suddenly appeared at Squaw Valley last summer during the week of June 28 - July 5th. These girls made up last year's Girls' State and represented American Legion Auxiliaries from almost every city in California. I was fortunate enough to be one of those girls, representing Campbell. We formed mock cities, elected officials and organized an orchestra and choir. We held city elections and went on to county elections. We then formed two parties for the big state elections where we elected our senators, assemblymen, and our 6'4" Governor, "Tiny" Trimble.

The whole experience was very educational and gave me an increased understanding of our government. Girls' State was not all work. We did have an orchestra, choir, and a crazy variety show, all of which led us to making new friends. It's hard to explain the bond between the girls of Girls' State. In just one week we shared with each other so many of our experiences, so much of our knowledge and ideas. The motto of Girls' State seems to be the best summation of the experience: "There are no strangers at Girls' State, only friends you haven't met yet."

Sindy McKay

Assembling an ideal yearbook takes cooperation from the faculty, photographers, and students. Time and work are necessary from the individuals involved for a superior book to be produced. I feel that this year's book is of high quality even though the individual interests of certain groups made the process very difficult at times.

Credit should be given, however, to those staff members who gave their time and work in order to create this year's book. Credit should also be given to the yearbook advisors, Mr. Janice Riggs and Miss Cecilia Scholz, for their many hours spent during and after school working on the yearbook. The staff would especially like to thank Mr. Mike Cirimele and Bill Woodfill of Photo Commission for the extra time they spent to provide us with quality photographs.

An added sixteen pages to the book this year has made it possible for the often-neglected areas of the school to receive coverage. The development of the theme has also enabled the book to represent a larger view of the school and its activities during the year.

The book has undergone many changes this year; however, more could have been possible. But in order to accomplish change, people must sincerely want it and cooperate to achieve it. People must learn to put their individual importance aside if something worthwhile is going to be accomplished.

I personally have learned a lot this year about people and work. I am thankful that I was given the opportunity to be editor this year, and I hope that the future editors can produce a yearbook which meets their highest expectations for quality and cooperation.

Barb.

We've had lots of fun together in the last few years. Remember all the times you got to slap me, all the black + Blue marks etc. anyway on with life. You have got 4 years more at Cal Poly, maybe you'll find another Dare Ranger there to bug you. If I get lucky maybe you'll see me there, maybe I'll get a scholarship and go there just like you. You have been very succesfull in F.F.A. so I know you'll do good in anything you try at. I'm sorry you didn't get the Calif. Bankers award, not really though, because you I got it. I know that if they had two of them you would have gotten the other one from C-W-P.

Well Barb. Good luck at Cal Poly and in the future of your life. We should get in touch in the near future and have more fun O.K.

God Bless.

Love Dave R.

Prospect

Class of '72"

Barb,
I wouldn't know what I'd do without you. I'd feel lost for sure. We've had so much fun these past five years — to bad it can't go on for another five. I guess the time has come for us to separate, but beep in touch — okay? I hope you make it all the way through college and don't let anything stop you — you can do it. I could go on & on, but I have to learn to control myself. Always Barb

Roses are Red,
Violets are Blue,
Sugar is sweet,
and I'll always love You!
Enjoy the future and
Good Luck. '72
Love,
Lorenzo

Dear Aunt Mary,

Thank you so much for the lovely
Easter present. I have been very busy
lately. Mother and Father have
gone to the country for a few days
and I am keeping house for them.
I have a pet rabbit. Perhaps you
would like to see him. I have
named him Peter Rabbit. He
has been very good since I have
had him. He likes to eat
carrots and lettuce. I hope
you will come to see us
soon.

Your loving
niece
Mary

Barbara,

To a very nice girl and
a easy friend to get along
with. I'm glad I got to know
you. I'll be in Ag two more
years and I hope to see you
later. Have a real nice
summer and take care of
yourself.

Your Friend
Lynn Schutz

Barb,
You a real
nice girl
and a good
friend. It's been
fun having you
in my class.
Take care and
God bless you
Love
Daniel Bailey
'74.

PISCHEL YEARBOOKS, INC.

Barb,
It's been a real
fast knowing you this
past year in Ag. Even all
the teasing and getting in trouble,
hope you have a great time in years to
come. Love Bob

P.S. Hope you and Kirk have
a lot of fun in the years to come.

Dear
Barbara,
I can't really
say much beings
I see you all afterno
but I hope you have a
nice summer & good luck
at work & stay healthy.
Love
Jan

Barb,
I've really enjoyed
these two years.
Take care of yourself.
Jeff & little

Barbara -
Lots of luck in the
future as you continue
your education. Have a
good Summer.
R. Crabtree

Barb.
I hope you
have fun in the
Summer with Mrs. B.
and don't get caught.
You know what I mean.
See you in the summer
and at the fair.
Bye bye for
Dear Buenrostro P.S. See you
know who I mean!

Barb-
well we made it
it was a lot of time
never was so much
the friends we had
forget all the problems
you each other through
I'm glad we became
good friends. It
became so easy to talk
with. I'll never
remember the laughing. Then
laughing. You a lot
we made fun of everybody
it all night long
party. Keep
you each other
I'll go on and on
think so

Barb's Birthday
Have a really fun
now you're 13!
have fun at the fair
Love always
Sherrie
Shawn
